The Company has adhered to its "Policy on Related Party Transactions and Materiality of Related Party Transactions", as amended (from time to time in-line with the requirement of the Listing Regulations) while pursuing all Related Party transactions.

Requisite disclosure on Related Party Transactions in Form No. AOC-2 in terms of Section 134 of the Act read with the Rules made thereunder is enclosed by way of **Annexure – II**.

SEBI has notified SEBI (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021, vide its notification dated 9th November, 2021 – whereby, inter-alia, effective from 1st April, 2022, various amendments have been made in the provisions pertaining to the Related Party Transactions under the Listing Regulations. This includes, amongst others: the requirement of obtaining prior approval of the shareholders for all material related party transactions and also for the subsequent material modifications. Accordingly approval of the shareholders was obtained at the Extra-ordinary General Meeting dated 6th May, 2022, for various material related party transactions. Also, consent of the shareholders was obtained at the 33rd AGM held on 15th September, 2022, for approval/ratification of various related party transactions. Further, the Audit Committee at its Meeting held on 14th February, 2023, accorded omnibus approval in line with the Company's Policy on Related Party Transactions, to pursue such transactions subject to a maximum threshold limit of Rs. 1 Crore per Related Party Transaction that are repetitive in nature, for the financial year 2023-2024.

24. State of Company Affairs & Future Outlook.

As on 31st March, 2023, the Company, a Non-Systemically Important Non-Banking Financial (Non-Deposit Accepting or Holding) Company, does not have any outstanding public deposits and the Company shall not accept in the Financial Year 2023-2024 and thereafter, any public deposit without obtaining the prior approval in writing of the Reserve Bank of India.

Company has recorded turnover at Rs. 1274.33 lakhs during the financial year under review in comparison to Rs. 762.52 lakhs of the previous year. The rise in turnover is primarily due to rise in sale of shares and securities.

However, the Company has registered loss before Tax of Rs. 331.95 lakhs as against profit of Rs. 20.81 lakhs in the previous financial year. The same is by and large attributable to higher write-offs towards loan given under group loan segment before lockdown, followed by the defaults and delays in repayment due to fallout of the COVID 19 pandemic.

Loss after deferred Taxation was recorded at Rs. 241.68 lakhs against loss of Rs. 5.23 lakhs in the previous year. As per the Requirement of IND AS, total Comprehensive Loss comprising of Loss after all taxation and other Comprehensive Loss during the year under review has been recorded at Rs. 373.06 lakhs (loss of Rs. 34.46 lakhs recorded in the previous year).

Owned Fund of the Company stands at Rs. 4982.98 lakhs as against Rs. 5356.04 lakhs, recorded in previous year.

Income from Financing under Loans has significantly decreased by 72.83% (approx) after taking into account all write-offs, impairments and recoveries – primarily due to higher write-offs towards loan given under group loan segment before lockdown, followed by the defaults and delays in repayment due to fallout of the COVID 19 pandemic - though on the positive side, there has been significant increase in recovery against bad debts by 126.94% in comparison to the previous year.

In view of rising maintenance cost of turbines vis-a-vis low tariff rates available in the market, it was decided to dispose off the turbines & accordingly Turbines with Lands were sold at Rs. 2.80 Crores in total in the month of October 2022. Accordingly, there has been a fall in income from wind power generation by 24.24%. Pursuant to the sale of our Winds Turbines located at Dhule (Loc. No. K230, Village Chhadvel, Taluka Sakari, District: Dhule) & Sangli (Loc. No. G210, Village Kundlapur, Taluka Kawthe Mahakal District: Sangli) in Maharashtra, the Company is no more operating in the said segment as the Board of Directors did not find any other suitable operating avenue in this segment. Accordingly, it was considered to close the Wind Power segment with effect from 1st June, 2023.

25. Material Changes and commitments, if any, affecting the financial position of the Company, which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report.

There were no material changes and commitments affecting the financial position of the Company, which have occurred between the end of the financial year of the company to which the financial statements relate and the date of this Directors' Report.

26. Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo.

Disclosure in terms of Rule 8(3) of the Companies (Accounts) Rules, 2014:

a. Conservation of Energy.

MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Structure and Developments

When the global economies are rife, the world has recognised India ("Country") as a "bright star", with estimated economic growth to be high amongst other major economies. The year 2022 was special for India – as it marked its 75th year of Independence and further, our country became the world's fifth largest economy measured in current dollars.

India's aspiring goals for the coming years are also reflected in the Union Budget 2023-2024 which aims to further strengthen India's aspirations through the following seven priorities to guide the country towards "Amrit Kaal", thus providing a blueprint for an empowered and inclusive economy, with its focus on strengthening India's economic status:

- Inclusive Development
- Reaching the last mile
- Infrastructure & Investment
- Unleashing the potential
- Green Growth
- Youth Power
- Financial Sector

The financial system will play a key role in realising the objectives of Amrit Kaal. The growing importance of the **Non-Banking Financial Companies (NBFCs) sector** in the Indian financial system is reflected in the consistent rise of NBFCs' credit as a proportion to India's Gross Domestic Product (GDP). Supported by various policy initiatives, NBFCs could absorb the shocks of the pandemic. While the global tightening cycle has contributed to a dampened global outlook, the domestic appetite for credit has been on an upswing. Credit disbursed by NBFCs has been on the rise.

Improvement in Asset Quality of NBFCs across sectors has been observed. NBFCs continued to deploy the largest quantum of credit from their balance sheets to various sectors. In this connection, loan to the services sector and personal loans registered robust growth.

The Reserve Bank of India's (RBI's) support to growth is expected to ensure adequate liquidity in financial markets. The credit up cycle will also be aided by constant monitoring of the risks in the financial system by the regulators and their efforts to contain them.

RBI has issued Scale Based Regulation for NBFCs. - effective from 1st October, 2022. These Regulations have classified NBFCs into different layers based on size and complexity – with the aim of calibrating the degree of regulatory prescriptions based on systemic importance of NBFCs. Thus, these regulations are a welcome move as they are expected to rebuild the confidence of investors and lenders in NBFCs over the longer term.

The Micro, Small and Medium Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades. It contributes significantly in the economic and social development of the country by fostering entrepreneurship and generating large employment opportunities at comparatively lower capital cost, next only to agriculture. Despite having limited resources and lesser opportunities, women entrepreneurs from rural areas have shown immense potential to add value to the Indian economy by entering the MSME sector. MSMEs are complementary to large industries as ancillary units and this sector contributes significantly in the inclusive industrial development of the country. The MSMEs are widening their domain across sectors of the economy, producing diverse range of products and services to meet demands of domestic as well as global markets. In the coming years, MSMEs are expected to continue playing a vital role in shaping India's growth. Your Company as an MSME, has been cautiously evaluating the benefits associated with the MSME sector with reference to our business structure.

The Union Budget 2023-24 has provided an increased outlay for the Renewable Energy Sector thereby providing clear indication of the importance of this Sector. Further, the Government has been taking various steps to promote the **Wind Energy Segment** in the country. These inter alia include: (i) Concessional custom duty exemption on certain components required for manufacturing of wind electric generators; (ii) Technical support including wind resource assessment and identification of potential sites through the National Institute of Wind Energy, Chennai, etc. However, Wind power must compete with other low-cost energy sources. Ideal wind sites are often in remote locations. Installation challenges must be overcome to bring electricity from wind farms to urban areas, where it is needed to meet demand. Nevertheless, with the Government's constant stress on clean energy and its active participation in achieving the same, it is being hoped that our country will be able to overcome these constraints in due course.

After facing a wave of challenges following the Covid-19 pandemic, India's Real Estate Sector has been witnessing an upstroke in demand and has been making encouraging recovery in comparison to several other real estate markets across the globe. India's brave and resilient growth despite impending global slowdown, along with factors such as rising urbanization, middle class expansion and infrastructure development – are contributing for a promising future for the real estate players in India.

2. Opportunities and threats

Financial institutions play a crucial role in ensuring economic stability for households and businesses at critical junctures. The pivotal role of **NBFCs** in driving sustainable fiscal growth is well recognized, given their last-mile connectivity and agile system. The sector has played a decisive role in accelerating last-mile funding and understanding the credit requirement of the Unbanked and Underserved. Aided by the government's thrust towards a digital economy, the sector has also undertaken significant digital transformation and invested heavily to become tech-agile institutions offering personalized products and services, ensuring faster credit disbursement. As India strategizes post-pandemic economic recovery through fiscal measures and businesses aim to expand capacities, NBFCs have an enormous opportunity to assist in achieving the noble goal of Aatmanirbhar Bharat through the fast-tracked flow of credit to businesses and households.

Further, intense competition within the NBFCs and banking sectors, exposure to various credit risks, interest rate volatility, etc - may pose challenges for the NBFC sector.

Regarding the **Wind Energy Sector**—The Government's continuous encouragement to promote and develop the renewable energy sector continues to be a positive sign. However, this sector continues to witness challenges of At the same time, this sector faces various challenges of high capital cost, low tariff caps, etc.

The **Real Estate Sector's** prospects are positively related to the rise in economic well being of the people. Moreover, now that India has the world's population, it has become more important to develop the Real Estate sector, which also bears responsibility for the environment and sustainability. However, this sector may be adversely affected by various factors such as: funding issues, land availability, etc.

3. Segment-wise or product-wise performance

Segment-wise or product wise performance data is enumerated in accordance with IND AS-108 in Note No. 35 (b) of the "Notes to the Financial Statement" section of the Annual Report.

4. Outlook

Post pandemic, digital adoption by **NBFCs** is on a steady fast rise across the globe as this sector continues to witness rising competition amongst market players. Addition of newer products to drive growth coupled with diversified product portfolio are important

NPR FINANCE LIMITED

factors for sustainability in this segment so as to enable the NBFCs to reach out to more and more customers of the underserved markets and contribute to their success. Thus, despite the funding challenges, the NBFC sector's growth prospect continues to be positive.

Subject to the market conditions and various other factors, the Company is looking forward to expand group loan business segment in the near future. However, as the customers of the grouploan segment are primarily the most vulnerable section of the society due to lack of accessibility and limited financial resources– our Company is following a slow and cautious approach in identifying new customers in approving their loan disbursement size.

As regards the **Wind Energy Sector**– The renewable energy segment has the continuous support and encouragement of the Government which has been the driving force for this sector. However, in view of rising maintenance cost of turbines vis-a-vis low tariff rates available in the market, it was decided to dispose off the turbines together with land to M/s Hindustan Unilever Ltd. and the same was implemented in October, 2022.

As India braves to remain resilient despite the global economic slowdown, the outlook for the **Real Estate Sector** remains positive. The Union Budget 2023-24 has laid emphasis on encouragement to states and cities to undertake urban planning reforms and actions to transform our cities into 'sustainable cities of tomorrow - which reinforces the government's seriousness about the implementation of urban planning reforms and thereby, elevating the condition of Indian cities. All these measures, are expected to lead to value addition in properties in the transformed cities. Further, infrastructure enhancement coupled with healthy domestic demand – provide a positive outlook to this segment.

5. Risks and concerns

NBFCs are subjected to credit risks, which, your Company manages through stringent credit norms to verify the identity of an individual and also determining their intent and ability to repay a loan. Further, NBFC's are also exposed to Interest Rate Risk and liquidity risk which are managed through regular monitoring of maturity profile. Besides, operational risks in the form of risks of incurring losses due to manual errors, fraud or system failure, can be monitored through an effective internal control system management and its periodic assessment.

The **Wind Energy Sector** is exposed to Climatic Risk and Operation and Maintenance Risk and is also largely subject to varied wind velocity.

The **Real Estate Sector** is adversely affected by market price fluctuations, high construction costs, etc.

The risk management plan of the Company is monitored by the Risk Management Committee in accordance with the Risk Management Policy of the Company.

6. Internal Control Systems and their Adequacy.

The Company's internal controls framework ensures integrity in conducting its business, safeguarding its assets, timely preparation of reliable financial information, accuracy and completeness in maintaining accounting records and in detection of frauds and errors.

The Audit Committee in coordination with the Internal Audit team regularly reviews the adequacy and effectiveness of internal control systems, in view of the ever changing business environments.

The Company thus strives to continuously upgrade its Internal Control System to commensurate with its size and the nature of its operations.

7. Discussion on financial performance with respect to operational performance

a) Turnover and Profit

Company has recorded turnover at Rs. 1274.33 lakhs during the financial year under review in comparison to Rs. 762.52 lakhs of the previous year. The rise in turnover is primarily due to rise in sale of shares and securities.

However, the Company has registered loss before Tax of Rs. 331.95 lakhs as against profit of Rs. 20.81 lakhs in the previous financial year. The same is by and large attributable to higher write-offs towards loan given under group loan segment before lockdown, followed by the defaults and delays in repayment due to fallout of the COVID 19 pandemic.

Loss after deferred Taxation was recorded at Rs. 241.68 lakhs against loss of Rs. 5.23 lakhs in the previous year. As per the Requirement of IND AS, total Comprehensive Loss comprising of Loss after all taxation and other Comprehensive Loss during the year under review has been recorded at Rs. 373.06 lakhs (loss of Rs. 34.46 lakhs recorded in the previous year).

Owned Fund of the Company stands at Rs. 4982.98 lakhs as against Rs. 5356.04 lakhs, recorded in previous year.

b) Financing Segment

Income from Financing under Loans has significantly decreased by 72.83% (approx) after taking into account all write-offs, impairments and recoveries – primarily due to higher write-offs as detailed above in point no 7(a), though, on the positive side, there has been significant increase in recovery against bad debts by 126.94% in comparison to the previous year.

c) Wind Power Segment

In view of rising maintenance cost of turbines vis-a-vis low tariff rates available in the market, it was decided to dispose off the turbines & accordingly Turbines with Lands were sold at Rs. 2.80 Crores in total in the month of October 2022. Accordingly, there has been a fall in income from wind power generation by 24.24%. Pursuant to the sale of our Winds Turbines located at Dhule (Loc. No. K230, Village Chhadvel, Taluka Sakari, District: Dhule) & Sangli (Loc. No. G210, Village Kundlapur, Taluka Kawthe Mahakal District: Sangli) in Maharashtra, the Company is no more operating in the said segment as the Board of Directors did not find any other suitable operating avenue in this segment. Accordingly, it was considered to close the Wind Power segment with effect from 01/06/2023.

d) Employee Benefit Expenses, Finance Cost and other Operating expenses

Employee Benefit Expenses have gone up by 16.84% due to increase in no. of staff coupled with Annual increments. Other Expenses have gone up by 10.19% primarily due to rise in travelling including fuel, Communication Expense, printing & stationery expense.

Financial Expense during the year under review has gone up by about 65% due to increase in Inter-corporate Deposits taken for Group Loan Disbursements.

8. Material developments in Human Resources / Industrial Relations front, including number of people employed

In a boundaryless world, those who partner with workers and experiment with what's possible, will create sustainable work models and elevated outcomes—making work better for humans and humans better at work. Human Capital is the cornerstone of any Company's success and Human resource development improves people's knowledge, skills, and capabilities, which drives innovation, productivity gains, and economic growth.

Employees' relations continued to be harmonious throughout the year with the management. Number of employees on roll was 73 as on 31st March, 2023 (previous year: 58).

9. Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year)

The details of the key financial ratios in which there has been a significant change (i.e. change of 25% or more) along with detailed explanations thereof:

Sl. No.	Key Financial Ratios	2022-23	2021-22	Reason for significant change (i.e. change of 25% or more)
1.	Current Ratio	4.20	8.84	Current liabilities have gone up due to increase in Inter-corporate Deposits taken for Group Loan Disbursements.
2.	Inventory Turnover	0.04	0.08	Due to reduction in stock on one hand and increase in sale on the other of Shares and Securities, the inventory turnover has gone down.
3.	Debt Equity Ratio	0.06	0.01	Debt has gone up due to increase in Inter-corporate Deposits taken for Group Loan Disbursements.
4.	Interest Coverage Ratio	(7.74)	2.71	The decrease in interest coverage ratio is on account of lower Earnings before Interest and Taxes resulting from higher write off of pandemic portfolio.
5.	Return on Net Worth	(4.85%)	(0.10%)	Same as above
6.	Operating Profit Margin (%)	(24.39%)	4.33%	Same as above

Certificate on Corporate Governance

To
The Members of NPR Finance Limited

I have examined the relevant records of NPR Finance Limited ("the Company") for the purpose of certifying compliance of conditions of Corporate Governance as stipulated in Regulations 17 to 27 and clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) for the period from April 1, 2022 to March 31, 2023. I have obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purposes of certification.

The compliance of conditions of Corporate Governance is the responsibility of the management. My examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me and the representations made by the Management, I certify that the Company has complied with all the mandatory conditions of Corporate Governance as stipulated in the above mentioned Listing Regulations, during the year ended March 31, 2023.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the members of NPR Finance Limited

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of NPR Finance Limited which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Financial Statements, including, a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act 2013 ("The Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the company as at 31st March, 2023, and its loss (including Other Comprehensive loss), its cash flows and Changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained us sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Financial Statements:

Sl No	Key Audit Matter	Auditor's Response
	<p data-bbox="318 264 813 415">Fair Value of Unquoted Equity Investments (Other than Investments in Subsidiaries and Joint Ventures) Investment in Unquoted equity shares are measured at Fair value.</p> <p data-bbox="318 453 813 573">The Fair value of these financial assets involved management's judgment because these securities are not traded in an active market.</p> <p data-bbox="318 627 813 779">Since this valuation is a Level 3 type of valuation in accordance with Ind AS 113 Fair Value Measurement where one or more significant inputs to the fair value measurement is unobservable.</p> <p data-bbox="318 833 813 953">Accordingly, this item is considered to be a Key Audit Matter due to significant judgments associated with estimating the fair value of investment.</p>	<p data-bbox="846 264 1412 426">We discussed with management the basis used in determining the fair value and evaluated the appropriateness of the valuation methodologies used by management and compared it to industry norms and the requirements in Ind AS.</p> <p data-bbox="846 480 1412 535">We confirm the adequacy of the disclosures made in the financial statements.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The Company's Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above, when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Company's Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management and Board of Director's Responsibilities of the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statement that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive Income/Loss), cash flows and changes in equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making

judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management and Board of Director's use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF NPR Finance Limited for the year ended 31st March 2022

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to Financial Statements of NPR Finance Limited as of March 31, 2023, in conjunction with our audit of the Ind AS financial statements of the company for the year ended on that date.

In our opinion, the company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls are operating effectively as at March 31, 2023, based on the internal control with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("The Guidance Note").

Management and Board of Director's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to Financial Statements based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that are operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Financial Statements.

Meaning of Internal Financial Controls Over Financial Reporting

Company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable

assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation and presentation of Financial Statements

The financial statement of the Company has been prepared in accordance with Indian Accounting standard (IND AS) and the provision of the Companies Act, 2013 (the Act) to the extent notified read with the Rules made hereunder. It has also followed RBI guidelines and announcements issued by the Institute of Chartered Accountants of India.

1.1.1 Presentation of True and Fair View and compliance with IND AS

Financial statements present a true and fair view of the financial position, financial performance and cash flows of the company. Presentation of true and fair view requires the faithful representation of the effects of transactions, other events and conditions in accordance with the definitions and recognition criteria for assets, liabilities, income and expenses set out in the Framework. The application of IND AS, with additional disclosure when necessary, is presumed to result in financial statements that present a true and fair view.

Financial statements comply with IND AS explicitly and without any reservation.

1.1.2 Going concern

The Company prepares its financial statements on a going concern. Basis.

1.1.3 Accrual basis of accounting

The Financial Statements have been prepared under the historical cost convention on accrual basis, except for:

- i. Certain financial assets and liabilities that are measured at fair values at the end of each reporting period; and
- ii. Defined benefit plans - plan assets are measured at fair value.

1.1.4 Materiality and aggregation

The Company presents separately each material class of similar items. It presents separately items of a dissimilar nature or function unless they are immaterial except when required by law.

1.1.5 Offsetting

The Company do not offset assets and liabilities or income and expenses, unless required or permitted by an IND AS.

1.1.6 Minimum comparative information

Except when IND AS permit or require otherwise, the company presents comparative information in respect of the preceding period for all amounts reported in the current period's financial statements. It also includes comparative information for narrative and descriptive information if it is relevant to understanding the current period's financial statements.

1.1.7 Other comprehensive income

Other Comprehensive Income comprises items of income and expenses (including reclassification adjustments) that are not recognised in profit or loss as required or permitted by other IND AS. The components of other comprehensive income include: (a) changes in revaluation surplus; (b) reameasurements of defined benefit plans; gains and losses from investments in equity instruments designated at fair value.

1.2 Accounting Policies, Changes in Accounting Estimates and Errors

In the absence of an IND AS that specifically applies to a transaction, other event or condition, management shall use its judgement in developing and applying an accounting policy that results in information that is: (a) relevant to the economic decision-making needs of users; and (b) reliable, in that the financial statements: (i) represent faithfully the financial position, financial performance and cash flows of the entity; (ii) reflect the economic substance of transactions, other events and conditions, and not merely the legal form; (iii) are neutral, i.e. free from bias; (iv) are prudent; and (v) are complete in all material respects.

1.2.1 Changes in accounting policies

The Company will change an accounting policy only if the change: (a) is required by an IND AS; or (b) results in the financial statements providing reliable and more relevant information about the effects of transactions, other events or conditions on the entity's financial position, financial performance or cash flows.

The Company has corrected all material prior period errors retrospectively in the first set of financial statements approved for issue after their discovery by: (a) restating the comparative amounts for the prior period(s) presented in which the error occurred; or (b) if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented.

1.3 Events after the Reporting Period

The Company will adjust the amounts recognised in its financial statements to reflect adjusting events after the reporting period. The Company will not adjust the amounts recognised in its financial statements to reflect non-adjusting events after the reporting period. If the company declares dividends to holders of equity instruments after the reporting period, it will not recognise those dividends as a liability at the end of the reporting period. If the company receives information after the reporting period about conditions that existed at the end of the reporting period, it shall update disclosures that relate to those conditions, in the light of the new information. If non-adjusting events after the reporting period are material, non-disclosure could influence the economic decisions that users make on the basis of the financial statements. Accordingly, it will disclose the following for each material category of non-adjusting event after the reporting period: (a) the nature of the event; and (b) an estimate of its financial effect, or a statement that such an estimate cannot be made.

1.4 Related Party Disclosures

To enable users of financial statements to form a view about the effects of related party relationships with the company, it is appropriate to disclose the related party relationship when director(s) exercise significant influence, irrespective of whether there have been transactions between the related parties.

1.5 Operating Segments

The Company discloses information to enable users of its financial statements to evaluate the nature and financial effects of the business activities in which it engages and the economic environments in which it operates.

An operating segment is a component of a company:(a) that engages in business activities from which it may earn revenues and incur expenses, (b) whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and (c) for which discrete financial information is available.

The Company shall report separately information about an operating segment that meets any of the following quantitative thresholds: (a) its reported revenue, including sales to external customers is 10 per cent or more of the combined revenue of all operating segments. (b) The absolute amount of its reported profit or loss is 10 per cent or more of the greater, in absolute amount, of (i) the combined reported profit of all operating segments that did not report a loss and (ii) the combined reported loss of all operating segments that reported a loss. (c) Its assets are 10 per cent or more of the combined assets of all operating segments. Operating segments that do not meet any of the quantitative thresholds may be considered reportable, and separately disclosed, if management believes that information about the segment would be useful to users of the financial statements.

1.6 Cash Flow Statement

The statement of cash flows is reported during the period classified by operating, investing and financing activities. Cash flows from operating activities are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows. Major classes of gross cash receipts and gross cash payments arising from investing and financing activities are reported separately. Cash flows

arising from interest paid and interest and dividends received is classified as cash flows arising from operating activities.

Dividends paid are classified as cash flows from financing activities. Cash flows arising from taxes on income is separately disclosed and is classified as cash flows from operating activities unless they can be specifically identified with financing and investing activities.

1.7 Measurement of Fair Values.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Disclosure is given for assets and liabilities that are measured at fair value on a recurring or non-recurring basis in the balance sheet after initial recognition, the valuation techniques and inputs used to develop those measurements and for recurring fair value measurements using significant unobservable inputs, the effect of the measurements on profit or loss or other comprehensive income for the period.

1.8 Inventories

Inventories shall be measured at the lower of cost and net realisable value. The cost of inventories shall comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories shall be assigned by using the first-in, first-out (FIFO). Same cost formula for all inventories having a similar nature and use to the entity has been used.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories is recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

1.9 Revenue Recognition

Revenue will be recognised when the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations; each party's rights regarding the goods or services to be transferred is identified ;payment terms for the goods or services to be transferred is identified; the contract has commercial substance; and it is probable that the company will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, company shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which company will be entitled may be less than the price stated in the contract if the consideration is variable because the company may offer the customer a price concession.

The company shall recognise revenue when it satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset.

When a performance obligation is satisfied, company shall recognise as revenue the amount of the transaction price that is allocated to that performance obligation.

The company shall consider the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which company expects to be entitled in exchange for transferring promised goods or services to a customer. The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both.

Effective interest method: Interest revenue shall be calculated by using the effective interest method. This shall be calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for: (a) purchased or originated credit-impaired financial assets: For those financial assets, the company shall apply the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition. (b) financial assets that are not purchased or originated credit-impaired financial assets but subsequently have become credit-impaired financial assets. For those financial assets, the company shall apply the effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

A gain or loss on a financial asset or financial liability that is measured at fair value shall be recognised in profit or loss.

Dividends are recognised in profit or loss only when; (a) the company's right to receive payment of the dividend is established; (b) it is probable that the economic benefits associated with the dividend will flow to the company; and (c) The amount of the dividend can be measured reliably.

1.10 Property, Plant and Equipment (PPE)

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if: (a) it is probable that future economic benefits associated with the item will flow to the company; and (b) the cost of the item can be measured reliably. Under the recognition principle, an entity recognises in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if the recognition criteria are met.

An item of property, plant and equipment that qualifies for recognition as an asset shall be measured at its cost. The cost of an item of property, plant and equipment comprises: (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. (b) any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. After recognition as an asset, an item of property, plant and equipment shall be carried at its cost less any accumulated depreciation and any accumulated impairment losses.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately. The depreciation charge for each period shall be recognised in profit or loss unless it is included in the carrying amount of another asset. The depreciable amount of an asset shall be allocated on a systematic basis over its useful life. The residual value and the useful life of an asset shall be reviewed at least at each financial year-end and, if expectations differ from previous estimates, the change(s) shall be accounted for as a change in an accounting estimate in accordance with IND AS 8, Accounting Policies, Changes in Accounting Estimates and Errors. The depreciation method used reflects the pattern in which the asset's future economic benefits are expected to be consumed by the entity. The depreciation method applied to an asset is reviewed at least at each financial year-end and, if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset, the

method is changed to reflect the changed pattern. Such a change shall be accounted for as a change in an accounting estimate in accordance with IND AS 8.

The carrying amount of an item of property, plant and equipment is derecognised: (a) on disposal; or (b) when no future economic benefits are expected from its use or disposal. The gain or losses arising from derecognition of an item of property, plant and equipment shall be included in profit or loss when the item is derecognised.

Depreciation is recognised to write off the cost of assets less their residual values over their useful lives, using the Straight Line method.

Estimated useful lives of the assets, are in accordance with that which is prescribed in Schedule II of the Companies Act, 2013 which is as under :-

Class of assets	Useful Life
Office Premises	30 Years
Plant & Machinery	22 Years
Furniture & Fittings	10 Years
Vehicle (Motor Cycle)	10 Years
Vehicle (Car)	8 Years
Office Equipments	5 Years
Computers	3 Years

1.11 Investment Property

Investment property shall be recognised as an asset when and only when: (a) it is probable that the future economic benefits that are associated with the investment property will flow to the company; and (b) the cost of the investment property can be measured reliably. An investment property shall be measured initially at its cost.

Transaction costs shall be included in the initial measurement. The cost of a purchased investment property comprises its purchase price and any directly attributable expenditure. After initial recognition, an entity shall measure all of its investment properties in accordance with IND AS 16's requirements for cost model, other than those that meet the criteria to be classified as held for sale (or are included in a disposal group that is classified as held for sale) in accordance with IND AS 105, Non-current Assets Held for Sale and Discontinued Operations. Investment properties that meet the criteria to be classified as held for sale (or are included in a disposal group that is classified as held for sale) shall be measured in accordance with IND AS 105. An investment property shall be derecognised (eliminated from the balance sheet) on disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. Gains or losses arising from the retirement or disposal of investment property shall be determined as the difference between the net disposal proceeds and the carrying amount of the asset and shall be recognised in profit or loss in the period of the retirement or disposal.

Depreciation is provided on straight line value method by adopting useful life of 30 years in the case of Building (other than Building) other than RCC Frame structure as prescribed under schedule II to the Companies Act, 2013 after retaining 5% of Original cost as residual value for Buildings.

The fair value of investment property is being determined by property valuer, having recognised qualifications and experience. However if the Investment property is disposed off during the reporting period, the Sale Price not being less than valuation as per Registry office on which stamp duty is being calculated and paid off as per the Registered Sales deed is treated as fair value.

1.12 Impairment of Assets

Company shall assess at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the company shall estimate the recoverable amount of the asset. If, and only if, the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset shall be reduced to its recoverable amount. That reduction is an impairment loss. After the recognition of an impairment loss, the depreciation (amortisation) charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

1.13 Financial Instrument

Recognition and derecognition

The Company recognises a financial asset or a financial liability in its balance sheet when, and only when, it becomes party to the contractual provisions of the instrument. A regular way purchase or sale of financial assets shall be recognised and derecognised, as applicable, using trade date accounting or settlement date accounting.

The company will derecognise a financial asset when and only when: (a) the contractual rights to the cash flows from the financial asset expire, or (b) it transfers the financial asset as set out below and the transfer qualifies for derecognition.

- (i) An entity transfers a financial asset if, and only if, it either: (a) transfers the contractual rights to receive the cash flows of the financial asset, or (b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement that meets the conditions.
- (ii) When the company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), the company treats the transaction as a transfer of a financial asset if, and only if, all of the conditions are met like:(a) The entity has no obligation to pay amounts to the eventual recipients unless it collects equivalent amounts from the original asset. Short-term advances by the company with the right of full recovery of the amount lent plus accrued interest at market rates do not violate this condition.(b) The company is prohibited by the terms of the transfer contract from selling or pledging the original asset other than as security to the eventual recipients for the obligation to pay them cash flows.(c) The company has an obligation to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the entity is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents during the short settlement period from the collection date to the date of required remittance to the eventual recipients, and interest earned on such investments is passed to the eventual recipients.

- (iii) Whenever the company transfers a financial asset it evaluates the extent to which it retains the risks and rewards of ownership of the financial asset. In this case: (a) if the company transfers substantially all the risks and rewards of ownership of the financial asset, the company derecognises the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. (b) If the company retains substantially all the risks and rewards of ownership of the financial asset, it will continue to recognise the financial asset. (c) If the company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset, the company determines whether it has retained control of the financial asset.

In this case: (i) If the company has not retained control, it shall derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. (ii) If the company has retained control, it shall continue to recognise the financial asset to the extent of its continuing involvement in the financial asset.

Transfers that qualify for derecognition

- (i) When the company transfers a financial asset in a transfer that qualifies for derecognition in its entirety and retains the right to service the financial asset for a fee, it recognises either a servicing asset or a servicing liability for that servicing contract. If the fee to be received is not expected to compensate the company adequately for performing the servicing, a servicing liability for the servicing obligation is recognised at its fair value. If the fee to be received is expected to be more than adequate compensation for the servicing, a servicing asset shall be recognised for the servicing right at an amount determined on the basis of an allocation of the carrying amount of the larger financial asset as stated in (iv) below.
- (ii) If, as a result of a transfer, a financial asset is derecognised in its entirety but the transfer results in the entity obtaining a new financial asset or assuming a new financial liability, or a servicing liability, the company recognises the new financial asset, financial liability or servicing liability at fair value.
- (iii) On derecognition of a financial asset in its entirety, the difference between: (a) the carrying amount (measured at the date of derecognition) and (b) the consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.
- (iv) If the transferred asset is part of a larger financial asset (e.g. when the company transfers interest cash flows that are part of a debt instrument, and the part transferred qualifies for derecognition in its entirety, the previous carrying amount of the larger financial asset shall be allocated between the part that continues to be recognised and the part that is derecognised, on the basis of the relative fair values of those parts on the date of the transfer. For this purpose, a retained servicing asset shall be treated as a part that continues to be recognised. The difference between: (a) the carrying amount (measured at the date of derecognition) allocated to the part derecognised and (b) the consideration received for the part derecognised (including any new asset obtained less any new liability assumed) shall be recognised in profit or loss.

Transfers that do not qualify for derecognition

If a transfer does not result in derecognition because the entity has retained substantially all the risks and rewards of ownership of the transferred asset, the entity shall continue to recognise the transferred asset in its entirety and shall recognise a financial liability for the consideration received. In subsequent periods, the entity shall recognise any income on the transferred asset and any expense incurred on the financial liability.

Continuing involvement in transferred assets

When the company neither transfers nor retains substantially all the risks and rewards of ownership of a transferred asset, and retains control of the transferred asset, the company continues to recognise the transferred asset to the extent of its continuing involvement.

Derecognition of financial liabilities

An entity shall remove a financial liability (or a part of a financial liability) from its balance sheet when, and only when, it is extinguished—i.e. when the obligation specified in the contract is discharged or cancelled or expires.

Classification of financial assets

The Company will classify financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both: (a) the entity's business model for managing the financial assets and (b) the contractual cash flow characteristics of the financial asset.

A financial asset shall be measured at amortised cost if both of the following conditions are met: (a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Classification of financial liabilities

An entity shall classify all financial liabilities as subsequently measured at amortised cost.

1.14 Non-Performing Assets & Write-off Policy

The company shall directly reduce the gross carrying amount of a financial asset when the entity has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. A write-off constitutes a derecognition event. Identification of Non - Performing Assets (NPAs) is being done as per the guidelines of Master Direction- Non Banking Financial Company - Non - Systemically Important Non - Deposit taking Company (Reserve Bank) Directions, 2016 prescribed by the Reserve Bank of India.

1.15 Measurement of expected credit losses

The company has measured expected credit losses of a financial instrument in a way that reflects : (a) an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; (b) the time value of money; and (c) reasonable and supportable information that

is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

1.16 Investments in equity instruments

At initial recognition, the company makes an irrevocable election to present in other comprehensive income subsequent changes in the fair value of an investment in an equity instrument within the scope of this Standard that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which IND AS103 applies. Once it makes this election, it shall recognise in profit or loss dividends from that investment.

1.17 Fair Value Hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 - This level includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities.

Level 2 - This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. price) or indirectly (i.e. derived from prices).

Level 3 - This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

1.18 Borrowing Cost

The company will capitalise borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. It recognises other borrowing costs as an expense in the period in which it incurs them. To the extent that it borrows funds specifically for the purpose of obtaining a qualifying asset, it will determine the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any investment income on the temporary investment of those borrowings. To the extent that it borrows funds generally and uses them for the purpose of obtaining a qualifying asset, it will determine the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate shall be the weighted average of the borrowing costs applicable to the borrowings of the company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs that company capitalises during a period shall not exceed the amount of borrowing costs it incurred during that period. The company will begin capitalising borrowing costs as part of the cost of a qualifying asset on the commencement date. The commencement date for capitalisation is the date when it first meets all of the following conditions: (a) it incurs expenditures for the asset; (b) it incurs borrowing costs; and (c) it undertakes activities that are necessary to prepare the asset for its intended use or sale. It will suspend capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset. It will cease capitalising borrowing costs when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

1.19 Provisions, Contingent Liabilities and Contingent Assets

A provision shall be recognised when:

- (a) The company has a present obligation (legal or constructive) as a result of a past event;
- (b) It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- (c) A reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision shall be the best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The risks and uncertainties that inevitably surround many events and circumstances shall be taken into account in reaching the best estimate of a provision. Where the effect of the time value of money is material, the amount of a provision shall be the present value of the expenditures expected to be required to settle the obligation. Provisions is reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

Unless the possibility of any outflow in settlement is remote, the company will disclose for each class of contingent liability at the end of the reporting period a brief description of the nature of the contingent liability and, where practicable:

- (a) An estimate of its financial effect,
- (b) An indication of the uncertainties relating to the amount or timing of any outflow; and
- (c) The possibility of any reimbursement.

Where an inflow of economic benefits is probable, the company will disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

1.20 Earnings per Share

The company will calculate basic earnings per share amounts for profit or loss attributable to ordinary equity holders and, if presented, profit or loss from continuing operations attributable to those equity holders. Basic earnings per share shall be calculated by dividing profit or loss attributable to ordinary equity holders (the numerator) by the weighted average number of ordinary shares outstanding (the denominator) during the period. The objective of basic earnings per share information is to provide a measure of the interests of each ordinary share in the performance of the company over the reporting period.

If the number of ordinary or potential ordinary shares outstanding increases as a result of a capitalisation, bonus issue or share split, or decreases as a result of a reverse share split, the calculation of basic and diluted earnings per share for all periods presented shall be adjusted retrospectively. If these changes occur after the reporting period but before the financial statements are approved for issue, the per share calculations for those and any prior period financial statements presented shall be based on the new number of shares. The fact that per share calculations reflect such changes in the number of shares shall be disclosed. In addition, basic and

diluted earnings per share of all periods presented shall be adjusted for the effects of errors and adjustments resulting from changes in accounting policies accounted for retrospectively.

The company will present in the statement of profit and loss basic and diluted earnings per share for profit or loss from continuing operations attributable to the ordinary equity holders and for profit or loss attributable to the ordinary equity holders for the period for each class of ordinary shares that has a different right to share in profit for the period. It will present basic and diluted earnings per share with equal prominence for all periods presented. It will present basic and diluted earnings per share, even if the amounts are negative (i.e. a loss per share).

1.21 Employee Benefits

Short-term employee benefits include items such as the following, if expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related services: (a) wages, salaries and social security contributions; (b) paid leave; (c) bonuses; and (d) non-monetary benefits if any for current employees. When an employee has rendered service to the company during an accounting period, it recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service: (a) as a liability (accrued expense), after deducting any amount already paid. If the amount already paid exceeds the undiscounted amount of the benefits, it recognises that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund. (b) as an expense. It will recognise the expected cost of bonus payments only when: (a) it has a present legal or constructive obligation to make such payments as a result of past events; and (b) a reliable estimate of the obligation can be made.

A present obligation exists when, and only when, the entity has no realistic alternative but to make the payments.

Post-employment benefits include items such as the following: (a) retirement benefits (lump sum payments on retirement i.e. gratuity); and (b) other post-employment benefits, such as leave encashment, terminal benefits. Arrangements whereby company provides post-employment benefits are post-employment benefit plans. It applies this Standard to all such arrangements whether or not they involve the establishment of a separate entity to receive contributions and to pay benefits.

Post-employment benefit plans are classified as either defined contribution plans or defined benefit plans, depending on the economic substance of the plan as derived from its principal terms and conditions.

Under defined contribution plans the company's legal or constructive obligation is limited to the amount that it agrees to contribute to the fund. Thus, the amount of the post-employment benefits received by the employee is determined by the amount of contributions paid by the company (and perhaps also the employee) to a post-employment benefit plan or to an insurance company, together with investment returns arising from the contributions. In consequence, actuarial risk (that benefits will be less than expected) and investment risk (that assets invested will be insufficient to meet expected benefits) fall, in substance, on the employee. The company may pay insurance premiums to fund a postemployment benefit plan. The entity shall treat such a plan as a defined contribution plan unless the entity will have (either directly, or indirectly through the plan) a legal or constructive obligation either: (a) to pay the employee benefits directly when they fall due; or (b) to pay further amounts if the insurer does not pay all future employee benefits relating to employee

service in the current and prior periods. If it retains such a legal or constructive obligation, it shall treat the plan as a defined benefit plan.

When an employee has rendered service to the company during a period, it shall recognise the contribution payable to a defined contribution plan in exchange for that service: (a) as a liability (accrued expense), after deducting any contribution already paid. If the contribution already paid exceeds the contribution due for service before the end of the reporting period, an entity shall recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or cash refund. (b) as an expense. When contributions to a defined contribution plan are not expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service, they shall be discounted using the discount rate.

Accounting by an entity for defined benefit plans involves the following steps: (a) determining the deficit or surplus. (b) Determining the amount of the net defined benefit liability (asset). (c) Determining amounts to be recognised in profit or loss : (i) current service cost (ii) any past service cost and gain or loss on settlement (iii) net interest on the net defined benefit liability (asset). (d) Determining the remeasurements of the net defined benefit liability (asset), to be recognised in other comprehensive income, comprising: (i) actuarial gains and losses; (ii) return on plan assets, excluding amounts included in net interest on the net defined benefit liability (asset); and (iii) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability (asset).

The company will account not only for its legal obligation under the formal terms of a defined benefit plan, but also for any constructive obligation that arises from its informal practices. Informal practices give rise to a constructive obligation where it has no realistic alternative but to pay employee benefits.

The company recognises the net defined benefit liability (asset) in the balance sheet. When the company has a surplus in a defined benefit plan, it shall measure the net defined benefit asset at the lower of: (a) the surplus in the defined benefit plan; and (b) the asset ceiling, determined using the discount rate.

The company uses the projected unit credit method to determine the present value of its defined benefit obligations and the related current service cost and, where applicable, past service cost.

1.22 Income Taxes

Deferred tax assets are the amounts of income taxes recoverable in future periods in respect of: (a) deductible temporary differences; (b) the carry forward of unused tax losses; and (c) the carry forward of unused tax credits.

Current tax for current and prior periods shall, to the extent unpaid, be recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess shall be recognised as an asset.

A deferred tax liability is recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from: (a) the initial recognition of goodwill; or (b) the initial recognition of an asset or liability in a transaction which: (i) is not a business combination; and (ii) at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss). Temporary differences also arise when assets are revalued and no equivalent adjustment is made for tax purposes. IND ASs permits or requires certain assets to be carried at fair value or to be revalued.

The difference between the carrying amount of a revalued asset and its tax base is a temporary difference and gives rise to a deferred tax liability or asset.

A deferred tax asset shall be recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

A deferred tax asset shall be recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

Current tax liabilities (assets) for the current and prior periods is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. When different tax rates apply to different levels of taxable income, deferred tax assets and liabilities are measured using the average rates that are expected to apply to the taxable profit (tax loss) of the periods in which the temporary differences are expected to reverse.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period, except to the extent that the tax arises from a transaction or event which is recognised, in the same or a different period, outside profit or loss, either in other comprehensive income or directly in equity. Current tax and deferred tax shall be recognised outside profit or loss if the tax relates to items that are recognised, in the same or a different period, outside profit or loss. Therefore, current tax and deferred tax that relates to items that are recognised, in the same or a different period: (a) in other comprehensive income, shall be recognised in other comprehensive income (b) directly in equity, shall be recognised directly in equity.

1.23 Critical accounting judgement and key sources of estimation uncertainties

The preparation of financial statement in conformity with IND AS requires the Company's management to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities recognised in the financial statements that are not readily apparent from other sources. The judgements, estimates and associated assumptions are based on historical experience and other factors including estimation of effects of uncertain future events that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates (accounted in a prospective basis) and recognised in the period in which the estimates is revised if the revision affects only that period, or in the period of the revision and future periods of the revision affects both current and future periods.

OTHER NOTES TO FINANCIAL STATEMENTS

29. Use of estimates & Judgments

The preparation of financial statements in accordance with IND AS requires use of estimates and assumptions for some items, which might have an effect on their recognition and measurement in the balance sheet and statement of profit and loss. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The actual results may differ from these estimates. The Company's management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Any revision to the accounting estimates is recognized prospectively in the current and future periods.

30. Investment Property

Company has given advance of ₹ 50 lakhs to Society for the protection of Children of India registered under Society Registration Act, 1960 for the purchase of Land at Sodepur. Government of West Bengal intended to acquire the said land in 2004, however no such acquisition proceeding has been initiated. Management confirms that the amount paid as advance along-with expenses incurred thereon of ₹ 12.06 Lakhs is the fair value and hence no further adjustments are required. (Refer Note No. 9)

Company has acquired in April 2019, property at GC Avenue in discharge of loan obligation made to M/s Ajanta offset & Packaging Pvt. Ltd. of ₹ 355 lakhs. This is the fair value and hence no further adjustments are required (Refer Note No. 9)

31. Non Performing Asset provisioning and impairment on Financial Instrument

- i. Company has followed Reserve Bank of India Guidelines in respect of NPA provisioning applicable for Non Systematically Important-Non Deposit Taking Non Banking Financial Company. Apart from NPA Provision, Company has made additional Provision for impairment of Financial instruments as required under Indian Accounting standard (Ind-AS)36. Both the provisions taken together have been reflected in Profit & Loss Account under impairment on Financial Instrument. During the current year, all the Non-Performing assets have been written off & consequently provision made in earlier years in respect of said NPAs have been written back.
- ii. The Company's assessment of impairment loss on its loans and other assets is subject to a number of management judgments and estimates, the impacts of actions of governments and other authorities, and the responses of businesses and consumers in different industries, along with the associated impact on the global economy.

The above particulars, as applicable, have been given in respect of MSEs. No party could be identified on the basis of information available with the Company.

The company has no long-term contracts including derivative contracts having material foreseeable losses as at 31st March 2023.

42. Financial Instruments

- I) The Company's principal financial assets include investments, loans, trade receivables, other receivables, and cash & cash equivalents that derive directly from its operations. The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations.

a) Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, other financial instruments.

i) Interest rate risk:

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that future cash flows of floating interest bearing investments will vary because of fluctuations in interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term loan from banks.

Interest rate risk exposure

(₹ in lakhs)

	As at 31 st March 2023	As at 31 st March 2022
Variable rate borrowings*	275.00	34.51

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

(₹ in lakhs)

	Increase / decrease in basis points	Effect on Profit before tax
As on 31 st March 2023	412	7.41
As on 31 st March 2022	(89)	0.56

* Represent outstanding balance of borrowing which has been impacted due to change of interest rate.

ii) Foreign currency risk:

The Company does not have any foreign currency risk. Hence no sensitivity analysis is required.

iii) Credit Risk:

Credit risk is the risk that the Company will incur a loss because its Loans and receivables fail to discharge their contractual obligations. The Company has a framework for monitoring credit quality of its Loans and receivables based on days past due monitoring at year end. Repayment by individual Loans and receivables are tracked regularly and required steps for recovery are taken through follow ups and legal recourse. Credit risk arises from loans and advances, receivables, cash and cash equivalents, and deposits with banks and financial institutions.

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's Loans and advances, receivables, cash and cash equivalents, deposits with banks and investments.

The Company measures the expected credit loss of Loans and receivables based on historical trend, industry practices and the business environment in which the entity operates. Expected Credit Loss is based on actual credit loss experienced and past trends based on the historical data.

Credit risk management

Company considers probability of default upon initial recognition of asset and whether there has been any significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information.

Definition of Default

A default /Non Performance of a financial asset is when the counterparty fails to make contractual payments within 180 days of when they fall due. This definition of default is determined by considering the business environment in which NBFC operates and other macro-economic factors.

Provision for expected credit losses

Company provides for expected credit loss based on following:

The Company classifies its financial assets in three stages having the following characteristics:

Stage 1 :- Unimpaired and without significant increase in credit risk since initial recognition;
 Stage 2 :- a significant increase in credit risk since initial recognition ; and
 Stage 3 :- Objective evidence of impairment, and are therefore considered to be credit impaired.
